- Threats

Quickly bring your business into compliance with Sarbanes-Oxley federal requirements.

- Ensure your business integrity
- Reduce hidden business risks
- Protect your company

Protect Your Company

Protect your corporate assets, board of directors, management, and employees.

- We're here when your employees need us 24/7/365.
- Our professionally trained representatives are available in English and Spanish as well as over 140 languages.
- Toll-Free Phone Access eliminates concerns over confidentiality and cost barriers.
- Our service allows users to re-contact our hotline and web services and anonymously continue dialogue if they wish.
- All our reports are permanently retained and easily retrieved.
- We are an independent third party provider. Employees feel confident that their anonymity will be respected.
- Improve your risk management, governance, and reinforce tone from the top.
- Manage reports with a comprehensive Web-based Case Management System. We provide the entire IT infrastructure for your reporting requirements.

Lighthouse will illuminate where others can't. Let us listen to your employees!
